25X1

1. Talked with Bryce Harlow at the White House concerning the material he forwarded to the Agency regarding [] and Representative John W. McCormack's (D., Mass.) interest in the matter. I pointed out that Bill Macomber, State Department, had talked to McCormack on 11 September and apparently McCormack was satisfied. Therefore, I suggested no written communication was necessary or even desirable and possibly Harlow might wish to call McCormack or I would be glad to do so. Harlow, however, suggested that the DCI might do this.

2. Talked with Colonel G. S. Eckhardt in General Twining's office concerning Representative McCormack's letter regarding [] to General Twining. I briefed him in general terms on the situation and he indicated that they had merely acknowledged receipt of the material at this point and he would bring our knowledge of the situation to Captain L. P. (Pat) Gray's attention upon his return.
